Dear Mayor Harris and Members of City Council:

Subject: Proposed Fee Schedule (Compendium) Changes

Background:

In developing the budget for Fiscal Year 2006-07, departments were asked to look at their fee structures and, where feasible, propose fee schedule (compendium) changes that focus on recovering the cost of providing services.

The recommended Fiscal Year 2006-07 budget incorporates proposed fee structure changes for copy charges, the EMS Fee Structure and the initiation of a Best Seller Book Rental program.

Considerations:

Copy Charges

Currently, the charge for copies is \$.05 per page or impression. To fully recover the cost of making copies, the proposed amendment will result in the following structure.

Paper Size	Color Copy	Black and White Copy
8 ½ x 11 (letter)	\$.20 per impression	\$.10 per impression
8 ½ x 14 (legal)	\$.25 per impression	\$.15 per impression
11 x 17	\$.30 per impression	\$.20 per impression

Mayor Harris and Members of City Council May 11, 2006 Page 2

Emergency Medical Services (EMS) Fee Structure

Currently, EMS fees for Basic Life Support Emergency (\$280), Advanced IIfe Support Emergency (\$330), and Advanced Life Support Level 2 (\$475) are below the maximum allowed by Medicare. This amendment to the fee structure will result in the following amounts being charged:

<u> </u>	Proposed
Basic Life Support (BLS) Emergency	\$300
Advanced Life Support (ALS) Emergency	\$360
Advanced Life Support (ALS) Level 2	\$550

Best Seller Book Rental

The Roanoke Public Library System will be initiating a program which will provide additional best seller books earlier to patrons who do not wish to wait for a book to become available. The cost to patrons will be \$2 per book per week.

Recommended Action:

Approve the attached resolutions and amend the City's Fee Schedule (Compendium) to reflect the changes in the aforementioned fees effective July 1, 2006.

Respectfully submitted,

Dear Mayor Harris and Members of City Council:

Subject: Real Estate Tax Rate Reduction and Cigarette Tax Rate Increase

Background:

Given that for the past few years City assessments on real estate have increased at a rate above normal, consideration for a reduction in the real estate tax rate was referred to budget study for FY 2006-07.

Consideration:

The increase in real estate tax rate assessments in recent years has been driven by the healthy real estate market. Property sales have been positively impacted by low interest rates which attract borrowers. Roanoke's assessment growth of recent years is consistent with real estate trends nationwide.

A reduction in the real estate tax rate from \$1.21 to \$1.19 per \$100 of assessed value is proposed. The proposed reduction of \$.02 will result in a revenue reduction of approximately \$1,134,000.

To achieve revenue neutrality and mitigate the impact of funding provided to Roanoke City Public Schools via the current funding formula, an increase in the cigarette tax of \$.0135 per cigarette (\$.27 per 20 pack) is proposed. This will result in additional revenue of approximately \$1.5 million, of which

Mayor Harris and Members of City Council May 11, 2006 Page 2

approximately \$1.1 million will be used to offset the real estate tax rate reduction and the balance of \$.4 million to provide debt service for a bond issuance of \$5 million for curb, gutter, sidewalks and bridge renovation.

Recommendation:

Approve the attached ordinance amending Section 32-16 of the City Code reducing the real estate tax rate from \$1.21to \$1.19 per \$100 of assessed value effective July 1, 2006.

Approve the attached ordinance amending Section 32-190 of the City Code increasing the cigarette tax from \$.0135 per cigarette to \$.027 per cigarette effective July 1, 2006.

Dear Mayor Harris and Members of City Council:

Subject: Elderly and Disabled Tax Relief

Program

Background:

The initial Elderly and Disabled Tax Relief Program for the City of Roanoke was made effective July 1, 1989. Since that time, several revisions have been made to the limits of the program, the latest of which was effective July 1, 2001. Currently, the total combined annual household income threshold limit is \$30,000 and the net combined financial worth threshold, excluding the value of the primary residence, is \$100,000 for qualified real estate tax exemption.

Given that for the past few years, assessments on real estate have increased at a rate above normal, the review of program eligibility guidelines was referred to budget study.

Consideration:

In evaluating revisions to the eligibility guidelines, consideration was given to the change in consumer price index since the last revision to the guidelines. Comparison was also made to programs in place in Virginia's First Cities and in surrounding localities. Based on this research, it is prudent to revise the total combined annual income threshold to \$34,000 and the net combined financial worth threshold to \$125,000.

Mayor Harris and Members of City Council Page 2 May 15, 2006

Recommendation:

Approve the attached ordinance amending Section 32-86 of the City Code increasing the total combined annual income threshold to \$34,000 and increasing the net combined financial worth threshold to \$125,000 for qualification for real estate tax exemption for elderly and disabled persons for the tax year commencing July 1, 2007.

Dear Mayor Harris and Members of City Council:

Subject: Cost of Living Raise for Retirees - FY2007

Background:

Retirees of the City of Roanoke Pension Plan (Plan) are awarded cost of living adjustments (COLAs) on an ad hoc basis by City Council. The Plan does not include a provision for an automatic COLA due to the significant actuarial cost and related increase in contribution rates. Thus, COLAs are not pre-funded in the Plan, but rather the increased cost is recognized when the increase has been awarded.

Factors considered as part of the recommendation for a COLA include change in the Consumer Price Index, the amount of raises provided by similar plans within the state, and most importantly, affordability to the Plan to assure the Plan remains well funded to sustain the current level of benefits. Eligible members of the City of Roanoke Pension Plan received a 2.25% cost-of-living adjustment on July 1, 2005. This was the tenth consecutive COLA provided to eligible retirees.

All City employees are members of the Roanoke City Pension Plan (the Plan). The City's Plan, when compared to the state pension plan (The Virginia Retirement System) and other locality-sponsored plans, provides above-average benefits. The City's plan also includes a provision to add an additional supplement of \$3,105 (indexed) annually for employees with a minimum of 20 years of service. This supplement is intended to help offset the cost of health insurance and is paid until the retiree reaches age 65, the age of Medicare eligibility. Additionally, the City sponsors a 457 Deferred Compensation Plan allowing employees the opportunity to

Honorable Mayor and Members of City Council May 11, 2006 Page 2

save for retirement while reducing current taxable income. The savings are enhanced by a City match of \$650 annually. The City's pension plan, when coupled with the deferred savings plan and added to social security, provides a career employee the opportunity to replace most of their pre-retirement income upon retirement.

Considerations:

The required contribution rate for the pension plan to fund the current level of benefits will increase for FY06 from 12.61% to 15.11% of payroll. The additional cost to the General Fund is approximately \$1,500,000. The rapidly rising increase in contribution rates is due to a combination of factors. A stock market downturn from 1999 to 2002 resulted in lesser investment returns for the Plan. Additionally, significant enhancements were made to the Plan in 1999 and again in 2000. The pension supplement mentioned above was added to the Plan in 2001. Lastly, the cumulative effect of granting annual COLAs adds significant cost to the Plan. The combination of these factors has resulted in increasingly higher contribution rates to sustain the plan.

Based on a poll of COLAs recommended or to be recommended by other localities within the state, the consumer price index and the City's ability to absorb increased funding to the Plan, a 3.0% COLA appears reasonable. Attachment A lists the percentage increases either granted or to be recommended by 9 other plans within the State and the Virginia Retirement System.

A recommended 3.0% increase to eligible members of the Plan, effective July 1, 2006, will increase the average annual retirement allowance for eligible retirees by approximately \$382, or a total of an additional \$594,643 in annual benefits. The actuarial cost of a 3.0% COLA is estimated at \$5.7 million funded over the next 20 years through the annual payroll contribution rate. This results in an increase of approximately \$378,000 in annual contributions to the Plan. All City operating funds along with the Roanoke Regional Airport Commission, School Board, Roanoke Valley Resource Authority, Roanoke Valley Detention Commission, Western Virginia Water Authority, and the Commonwealth of Virginia will assume their pro rata cost for funding the COLA. The City's pro rata share of this increase is approximately \$333,000 for FY07.

The recommended increase will apply to those retirees who retired on or before July 1, 2005, i.e., those retirees who have been retired for at least one year. Approximately 1,555 of 1,634 retirees, or 95% of those receiving benefits as of

Honorable Mayor and Members of City Council May 11, 2006 Page 3

March 31, 2006, will be eligible for the increase. The increase will also apply to a member's or surviving spouse's annual retirement allowance. The increase will not apply to any incentive payments made under the Voluntary Retirement Incentive Program established by Ordinance No. 30473-41591, adopted April 15, 1991, or to the retirement supplement paid according to Section 22.2-61 of the Code.

A request was also referred to budget study to consider giving a supplemental allowance for health insurance for City retirees who are 65 years of age or older. The plan currently provides a monthly supplement of 75% of the amount of the health insurance supplement provided to active employees, or \$258.75, to retirees with at least twenty years of service until age 65. This supplement is provided to complement the pension allowance until Medicare eligibility and is responsible for a significant portion of the overall cost of the Plan. Upon reaching Medicare eligibility, retirees are eligible to begin receiving both hospital and medical benefits. There is also a new drug benefit program that began January 2006, Medicare Part D, that assists with outpatient prescription drugs.

Recommendation:

We recommend adoption of the accompanying ordinance granting a 3.0% COLA for eligible retirees. The related cost to the City will be approximately \$333,000 in additional contributions to the Plan. Due to the significant increase in contributions currently required to sustain the current level of benefits and provide a COLA, we do not recommend any benefit changes such as the requested supplemental allowance for health insurance noted above that would result in additional funding requirements for the pension plan.

Dear Mayor Harris and Members of City Council:

Subject: Capital Improvement Program
Update for FY 2007-2011

Background:

The Capital Improvement Program (CIP) for Fiscal Years 2007-2011 is a plan recommended for approval by City Council for capital expenditures to be incurred over the next five years in order to address the priority long-term capital needs of Roanoke. The CIP reflects the current status of projects which have previously been approved and funded by City Council, and is a revision to the Fiscal Years 2006-2010 Capital Improvement Program approved by City Council on May 10, 2005. The CIP also reflects all planned future debt issuance for projects included in the upcoming five year period.

Considerations:

On April 17, 2006, City Council received the proposed Capital Improvement Program for Fiscal years 2007-2011 as part of the Recommended Resource Allocation Plan. The Capital Improvement Program Summary Section in this document provides a summary of projects.

The Capital Improvement Program for Fiscal Years 2007-2011 is comprised of capital projects with an estimated cost of project completion totaling \$235,349,986.

The CIP includes the addition of the Police Academy, Library Study, Streetscape Improvements, and Market District Plan projects. It also reflects additional funding for curb, gutter, sidewalks, and bridge renovation via debt issuance of \$5 million funded from an increase in the cigarette tax.

Adjustments have been made since the Recommended Resource Allocation Plan was presented. The adjustments reflect revisions to the Roanoke City Public Schools CIP which was adopted by the School Board on May 9, 2006. The revisions include:

- An increase in the cost of the high school renovation projects (Patrick Henry High School, \$1,375,000, and William Fleming High School, \$625,000). The increase in costs will be funded from School capital reserve (cash funds);
- A change in the timing of expenditures for the Patrick Henry High School renovation project;
- The addition of stadiums at Patrick Henry High School and William Fleming High School;
- Exclusion of elementary school renovation projects involving classroom additions:
- It should be noted that the School CIP contains a future issuance of \$2,000,000 in Virginia Public School Authority (VPSA) bonds for renovations at Raleigh Court Elementary School. This debt issuance is not included in our CIP as it is above the level of school debt agreed to when the cost of the high school renovation projects increased during FY 2003-04. The School Board must request approval to add the issuance of this debt to our CIP.

Attachment A contains a list of projects included in the CIP.

Debt will be issued during the Fiscal Year 2006-07 for the following projects:

Patrick Henry High School

\$ 7,500,000

Recommended Action:

Dear Mayor Harris and Members of City Council:

Subject: Appropriation of FY 07 Funds for

the YMCA Aquatic Center and

Greenway Projects

Background:

Beginning in fiscal year 2002, the City of Roanoke committed to a \$2.0 million investment, to be paid in \$200,000 increments over a 10-year period to the Downtown Family YMCA. Funds cover costs associated with the design and construction of a new central branch YMCA complex. City residents will receive a discounted membership rate, which will allow them to visit any YMCA facility including the facility in the City of Salem.

Beginning in fiscal year 2002, the City of Roanoke also committed to contributing \$200,000 per year for 10 years for a total of \$2.0 million to the Roanoke River Greenways project and greenways development. Greenways have become a necessary commodity for communities across the United States since they are viewed as an essential amenity that encourages economic development. They connect people to various aspects of a community such as the parks, shops, schools and neighborhoods. Roanoke currently has several greenway projects underway in various stages of development, with a core design element to include connections to Roanoke's primary greenway artery, the Roanoke River Greenway. Significant progress has been made in the construction of the greenway system and includes the Mill Mountain Greenway, the Lick Run Greenway, the Murray Run Greenway and the Roanoke River Greenway.

Mayor Harris and Members of City Council May 11, 2006 Page 2

Recommendation:

Adopt the accompanying FY 2007 budget ordinance which will appropriate \$200,000 from the Economic and Community Development Reserve to the Downtown Family YMCA Account No. 08-620-9757-9003 and appropriate \$200,000 from the Economic and Community Development Reserve to the Greenways Development Account No. 08-620-9753-9003.

Dear Mayor Harris and Members of City Council:

Subject: Appropriation of FY 07 Funds for

Enterprise Zone

Background:

The new Virginia Enterprise Zone program was established by the General Assembly in 2005 through the Virginia Enterprise Zone Act. An Enterprise Zone is a geographically defined area designated by the Governor. The state and local government enter into a ten year partnership to encourage business expansion and recruitment by offering both state and local incentives. The City of Roanoke has two zone boundaries, Zone 1A and Zone 2. The main difference is the facade grant is available only in Zone 1A and the maximum caps differ slightly for certain incentives. The zones expire 12/31/2023 for zone 1A and 12/31/2015 for zone 2.

Consideration:

A requirement of designation is that the City of Roanoke offer certain local incentives. These incentives were set forth in the original application and subsequent amendments approved by City Council. In order for the City of Roanoke to continue to offer the local incentives as set forth in the designation application and subsequent amendments, an annual appropriation of funds is needed.

Mayor Harris and Members of City Council Page 2 May 15, 2006

Recommendation:

Adopt the accompanying budget ordinance transferring \$280,000 from the Economic and Community Development Reserve to the following accounts:

08-310-9630-9003 (Enterprise Zone Rebates)	\$100,000
08-310-9736-9003 (Enterprise Zone Façade Grants)	\$150,000

Dear Mayor Harris and Members of City Council:

Subject: Approval of the 2006-2007 Annual Update to the 2005-2010 Consolidated Plan

Background:

In order to receive Community Development Block Grant (CDBG), HOME Investment Partnerships (HOME), and Emergency Shelter Grant (ESG) funding, the U.S. Department of Housing and Urban Development (HUD) requires that localities such as the City of Roanoke submit a 5-year Consolidated Plan (CP) and Annual Updates (AU). The City's current, HUD-approved five-year CP covers the period from July 1, 2005, to June 30, 2010, and was developed through an extensive process beginning in the spring of 2003. Public participation in the CP included community representatives on the plan's steering committee, public meetings to obtain community input, information disseminated to the Roanoke Neighborhood Advocates (RNA), information made available on the City's website, including the ability to provide comments through e-mail, information in the print media and announcements to a mailing list of more than 400 organizations and individuals.

Considerations:

In a letter dated March 31, 2006, Council Members received a summary version of the draft 2006-2007 Annual Update (AU) to the City's HUD Consolidated Plan, which included the tentative CDBG, HOME and ESG funding recommendations for Fiscal Year 2006-2007 and related information. Comparable information was also provided to City Council on April 17, 2006, as part of the Recommended Resource Allocation Plan.

The Honorable Mayor and Members of Council May 11, 2006 Page 2

As with the five-year CP, outreach to engage the public in the 2006-2007 AU process took several forms. Public meetings were held November 3, 2005, and March 30, 2006, as well as a City Council public hearing on April 27, 2006. Those attending the March 30th meeting received the same summary version of the AU provided to City Council. This summary plan was made available on the City's website, with links to the full five-year plan and to allow e-mail comments on these documents. The summary was also provided to RNA members and neighboring localities. Letters to the mailing list informed about upcoming meetings, how to obtain additional information and how to comment, and ads were placed in *The Roanoke Times* and *The Roanoke Tribune*. Copies of the complete draft 2006-2007 AU were placed at all library branches and the Law Library, the Roanoke Redevelopment and Housing Authority main offices, the City Clerk's office and the Department of Management and Budget for public inspection for a 30-day period beginning April 4, 2006.

Funding for FY 2006-2007 will be available from the following sources:

New HUD Entitlements	\$2,665,532
Estimated New Program Income	455,431
Local HOME Match Funds	100,000
Estimated Prior Year Excess Program Income	365,000
Estimated Prior Year Carry-over	<u> 144,515</u>
Total HUD Funds	\$3,730,478

To ensure that the City's HUD fiscal year begins on July 1, 2006, HUD must receive the Annual Update by May 16, 2006.

Recommended Action:

Approve the 2006-2007 Annual Update, as abstracted in the attached summary, and authorize the City Manager, or the City Manager's designee, to submit the complete Annual Update to HUD for final review and approval, including execution of all necessary documents pertaining thereto, such documents to be approved as to form by the City Attorney.

Respectfully submitted,

2006-2007 Annual Update

to the

2005-2010 Consolidated Plan

CITY OF ROANOKE

HUD ENTITLEMENT GRANTS FY 2006-2007

Overview

Each year, the City of Roanoke receives about \$3,000,000 in new federal funding under the Community Development Block Grant (CDBG), HOME Investment Partnerships (HOME) and Emergency Shelter Grant (ESG) programs of the U.S. Department of Housing and Urban Development (HUD). Roanoke is designated as an "entitlement community" under these programs, which means that the HUD funds are granted to the City each year using a formula based on population, income levels, and other factors. The amount of the grants received locally is determined by the total amount of funding that Congress appropriates and the number of entitlement communities nationwide. The City is required to submit a five-year Consolidated Plan and Annual Updates in order to receive its entitlements. No City staff positions are funded by CDBG, HOME or ESG.

CDBG

The City has received CDBG funds for more than thirty years. These funds assist with housing, economic development, human services, neighborhood and other needs. For Fiscal Year 2006-2007, Roanoke's new entitlement will be \$1,904,091, down 9.5% from last year. However, including estimated carry-over funds and program income, a total of \$2,687,522 is expected to be available for Fiscal Year 2006-2007. This total represents a decrease of 17.8% in the overall amount of CDBG funding available compared to the prior year. It is important to note that carry-over and program income are variable funding sources which may not be available at comparable levels in future years. The amount of CDBG funds which can be used for human services, planning and administrative activities is limited.

HOME

Created by the National Affordable Housing Act of 1990, the HOME program addresses the nation's need for affordable housing by funding such projects as rehabilitation, new construction, homeownership assistance and improvements to rental housing. The City has received a HOME grant each year since 1992. For Fiscal Year 2006-2007, Roanoke's new entitlement funding will be \$680,487. This is a \$43,039, or 5.9%, decrease compared to the 2006-2007 funding level. Considering

estimated carry-over, program income and local matching funds, a total of \$962,002 is expected to be available for Fiscal Year 2006-2007 HOME activities, representing an overall 27.6% increase in HOME funds compared to the previous year. As with CDBG funds, the amount of carry-over and program income may vary substantially from year to year. At least 15% of each year's new HOME basic entitlement must be reserved for projects conducted by certified Community Housing Development Organizations ("CHDOs"). HOME funds require a match from local cash and non-cash resources; the City's match requirement for Fiscal Year 2006-2007 is 12.5%.

ESG

ESG funds are provided to the City through the Stewart B. McKinney Homeless Assistance Act, under a process which may allocate funds intermittently. The allocation for Fiscal Year 2006-2007 is expected to be \$80,954, or \$232 more than the 2005-2006 funding level. ESG funds support assistance to homeless individuals and families, including assistance to shelters.

Preamble: As an urban center, the City of Roanoke provides a broad array of benefits and services to those who live, work or visit here. This willingness to address the needs of the community has also led to the City becoming a regional locus of needs. Lea, Council Member Honorable Brenda L. McDaniel, Council Member Honorable Brian J. Wishneff, Council Member

Dear Mayor Harris and Members of City Council:

Subject: Automobile Mileage Reimbursement

Background:

City employees who utilize their personal vehicles in the performance of City of Roanoke business are currently reimbursed at a rate of \$.325 per mile for the first 15,000 miles and \$.13 per mile for all additional miles over 15,000 per fiscal year. This rate was approved by City Council on July 3, 2000, when Council set the rate at the rate established from time to time by the Commonwealth of Virginia for reimbursing State employees for such purpose.

Consideration:

Historically, the City of Roanoke has set its mileage reimbursement rate at the same level established by the Commonwealth of Virginia for its own employees (as provided in the City Code), however, in consideration of the increase in the cost of motor fuels, it is recommended that the Internal Revenue Service standard mileage rate for reimbursement for business use be adopted by the City of Roanoke. The current Internal Revenue Service rate is \$.445 per mile. The use of the Internal Revenue Service rate for mileage reimbursement results in the use of the Internal Revenue Service rate for meals, lodging and mileage. Sufficient funding is budgeted in departmental accounts for FY 2007.

Recommendation:

Authorize the amendment of City Code, Section 2-35. "Use of Personal Automobile for City Business - Mileage Allowance" to establish that the City of Roanoke mileage reimbursement rate will become and subsequently remain at the same leave as established from time to time by the Internal Revenue Service for reimbursement for business use.

Respectfully submitted,

Darlene L. Byrcham

City Manager
